Last Week's Program: Jim Dyer presented an update on his trip to Romania last summer to visit the Orphanage that is sponsored by the Breakfast Rotary Club. To assist in helping the breakfast Rotarians to experience the International orphanage project, he showed the videos that he took and also introduced us to the staff and children in the orphanage. Jim also introduced us to the art in the Cathedrals and some of the surrounding country. The orphanage requires \$650/month to function. Breakfast Rotary provides \$400/month.

OPEN CLASSIFICATIONS for membership: Each week we will make you aware of classifications for Rotary membership which have neither an active nor additional member currently on the roster. If you know someone who would make a positive impact on our club, consider sponsoring them for membership.
